

## Early Pictou County Marriages

by Karen E. McKay C.G.(C), Halifax N.S.

The majority of the following marriages have been extracted from original issues of the Westville *Free Lance* published between 13 February and 23 April 1908. Copies are located at the National Library of Canada in Ottawa. The marriages appear under the column heading "Hymen's Doings in Years Gone By".

This column is cited as being extracted from the Register of Marriages solemnized by Rev. Donald Allan Fraser of McLennan's Mountain. The Presbyterian church register for the time period of our interest (1817-1865) has not survived. The flock at McLennan's Mountain revered the services of the Rev. Donald Allan Fraser until 1838, thence the Rev. Alexander McGillivray until 1862. thence Rev. William Stewart.

Records for the years 1839, 1840, and 1841 were extracted from the Scrapbook Collection MG 9, Vol 93, mfm # 15096 located at Nova Scotia Archives and Records Management in Halifax. It is one of the resource tools researchers are required to use to access certain early marriage information. These incomplete and tattered originals run under the column heading "Early Marriages in Pictou County" and have pencilled notations referring to various newspaper issues between 11 February 1916 and 20 October 1916. They purport to have been cut from issues of the *Free Lance* published in Westville or the *Evening News* published in New Glasgow. Except for the 26 April 1916 edition of the *Free Lance*, all refer to issues which have not survived for microfilming or preservation in any known repository in Nova Scotia or at the National Library in Ottawa. These later columns have obviously been copied from the 1908 issues. Records with a ">" following the surname of the groom indicate more information is supplied on either the family of the bride or groom. Who supplied this information is unspecified. Researchers are advised to use caution when adding this information to their own compilations.

Seven records for 1842 have been extracted from a listing located at the Hector Exhibit Center in Pictou, Nova Scotia. This listing was donated by the late John R. Fraser of Gagetown, New Brunswick and is dated 1-7-85. These seven records cannot be verified as the newspaper edition containing this information is not available.
