Dear Mr. Shalom Mandaville,

I recently wrote an email regarding my concerns for Maynard Lake to Gloria McCluskey. She responded in saying that she was interested in your ideas for the lake situation and made me curious as to what you were thinking. I am also interested in saving the lake. All I need is support.

Ms. McCluskey forwarded my email to Mr. Tony Blouin of the Halifax Regional Municipality. He returned my email as well.

For further information please let me know if you are interested in receiving the replied emails to my original email to Ms. McCluskey. Please feel free to ask myself for further information as well.

Thank you for your time Mr. Mandaville,
Sincerely,
Jenn Rowlands
