Dear colleagues,

Belgrade, July ☹️

A week ago the EAS meeting was held in ST Petersburg. You remember perhaps that some months ago I have sent on this mailing list a question whether someone from SREAC was going to attend this meeting and could present a report about SREAC. At the time, there was no positive answer to my question, but luckily the problem was solved in a satisfactory way. Dr. Areg Mickaelian, SREAC associate member from Armenia, attended the meeting and presented a report on the activities of SREAC. In the attachment to this e-mail, I am sending you his report.

Clear skies and speedy computers to all,
